PROGRAMMES AU KILO

Rassurez-vous les P.A.K. reçus ne sont pas tous dans ce numéro. Il faudra encore patienter 2 mois avant de pouvoir taper les autres. Mais surtout continuez à envoyer vos programmes de 2 ko maximum pour le seul plaisir de partager vos astuces avec les autres lecteurs.

Une seule adresse pour vos P.A.K. : **CPC infos-P.A.K.** La Haie de Pan 35170 BRUZ

ABSCISSE.BAS (Daniel BRANGER)

Voici un petit programme de mathématiques concernant les abscisses et les ordonnées pour la représentation graphique d'un point sur un axe X.O.Y.

Le programme vous demande d'entrer l'abscisse et l'ordonnée du point A puis la même chose pour le point B. Ensuite, on vous demande si vous voulez tracer le segment AB. Lorsque vous répondez "o" ou "O" pour "oui", non seulement le programme trace le segment mais vous donne aussi sa longueur en cm. Vous pouvez ensuite entrer d'autres points tout en restant sur le même graphique. La longueur du segment restant affichée à l'écran est celle du segment des 2 derniers points entrés. Si vous entrez des valeurs négatives, le point risque de se trouver hors écran.

CALENDRIER.BAS (Jacques de LAMAR)

Ce PAK permet d'obtenir le calendrier mois par mois sur écran ou complet sur imprimante. Pour être tout à fait honnête, je dois reconnaître que la ligne 50 a été pompée dans un bouquin ainsi qu'une petite partie de la ligne 60. (J'ai tout de même ajouté la gestion des années bissextiles en ligne 50). Ce programme atteint 2Ko mais il peut être intéressant pour tout le monde... Hélas, la méthode pour imprimer ce calendrier ne sera pas digérée par les 464 à cause du COPYCHRS.

8 ECRIT.BAS (Cyril LE CHAT)

Ce P.A.K. permet d'avoir 8 écritures colorées et double hauteur en mode 1.

COLORINK.BAS COLORPEN.BAS COLPAPER.BAS (Jacques de LAMAR)

Ces petits programmes sans prétention permettent des effets de couleur sur l'écriture (Pen) et sur le papier (Paper).

- COLORINK donne 255 mélanges d'écriture différentes en mode Ø.

- COLORPEN écrit sur l'écran "Salut aux lecteurs" de 12 manières différentes.

- COLPAPER permet d'obtenir 255 PAPER différents et d'en noter le numéro pour réutiliser le POKE & B730, x.

ATTENTION aux POKES qui peuvent ne pas fonctionner sur un autre CPC que le 6128 QWERTY!

MILFIG.BAS (Jacques de LAMAR)

Pour obtenir plus de mille figures géométriques différentes et en couleur, il suffit de taper ce minuscule programme de 10 lignes.

- La flèche droite déforme les figures (2 à l'écran) par pas de 1/100ème vers la droite.

- La flèche gauche déforme les figures par pas de 1/100ème vers la gauche.

- Pour aller plus vite, il est possible de sauter 25 figures d'un seul coup avec ESPACE.

"Mille figures" est paru dans E/J N°2 en janvier 1991.

MONNAIE.BAS (Jacques de LAMAR)

Ce P.A.K. crée un tableau d'équivalence des monnaies sur écran où sur imprimante (très utile quand on part à l'étranger).

- Répondre E pour Ecran.
- Donner 3 lettres pour le symbole de la monnaie utilisée. Ex : Dol, Liv, Lir.

- Entrez la valeur de cette monnaie en Francs. Ex : 5,95 pour dollar.

Ne pas utiliser de virgule mais plutôt un point.

Le tableau d'équivalence va se créer...

Il se peut que certaines valeurs de monnaies soient trop faibles, telle la lire italienne à 0,05F. Dans ce cas le programme peut être modifié en ligne 100.

100 CLS : FOR i = 1 TO 1000 STEP 10 : PRINT# x.....etc

ou 100 CLS : FOR i = 100 TO 1000 STEP 100 : PRINT#x ... etc

Suivant les besoins de l'utilisateur.

PAYSA.BAS (Stéphane NICOL)

Il s'agit d'un créateur de paysage 3D. Vous pouvez modifier à votre guise fx, fy, gx et gy ainsi que la ligne 70.

Exemple : $y = \sin(x) * \sin(z) * 140$ ou alors $y = \sin(x) * 2 / (z / 8 + 0.5) * 50...$

ABSCISSE.BAS

COLLECTION REUSSIR

La série éducative «Réussir...» de la société Educatif 44 s'enrichit de 3 nouveaux volumes : Maternelles, Mathématiques CE, Anglais 5ème. Ces 3 logiciels reprennent la présentation de leurs prédécesseurs ce qui est une bonne chose puisque les élèves déjà accoutumés à ce style reprendront facilement leurs habitudes. En revanche, pour les nouveaux, la présentation un peu austère pourra étonner. Mais après tout, il s'agit de travail et pas de loisirs. Fidèle à cette politique, les

disquettes présentent toutes un menu d'exercices variés, un fichier de sauvegarde des élèves et de leur résultats. Ces derniers sont d'ailleurs affichés sous forme graphique, ce qui permet à l'utilisateur de suivre facilement sa progression.

Maternelles propose 22 exercices dont les couleurs et les formes, les associations, les oppositions, les contraires, Orientation, le temps (la chronologie), les ombres, Observation, Mémorisation

et Compter. Chacun de ces exercices comprend plusieurs parties utilisant toutes un support visuel. Les dessins utilisés ne sont pas toujours très esthétiques mais ils ont au moins le mérite d'être facilement identifiables. Les exercices sont basés sur la reconnaissance des formes, des couleurs et sur le dénombrement. Chaque série comprend une question (la présence d'un adulte est quasi indispensable) et une suite de dessins.

L'enfant doit utiliser les touches fléchées pour déplacer le curseur sous le dessin correspondant à ce qu'il pense être la réponse. Un visage souriant validera un bon choix alors que le visage grimaçant sera le symbole de l'erreur.

Mathématiques CE se penche vers les problèmes d'arithmétique en présentant 26 exercices différents. La présentation est encore plus dépouillée que celle du logiciel précédent : tout se déroule en mode 2. L'élève pourra s'exercer à classer les nombres en ordre croissant ou décroissant, à effectuer des comparaisons et à s'entraîner au calcul mental. Le temps est un élément important pour apprécier les progrès et de plus, à chaque mauvaise réponse, un mini exercice est affiché avec quelques commentaires pour orienter l'élève vers la bonne solution. Dans ce volume, l'addition et la multiplication sont particulièrement détaillés avec des exercices concernant leurs propriétés respectives.

Avec «Anglais 5ème», l'objectif est d'assimiler la grammaire et le vocabulaire du programme. 14 exercices différents mettront à l'épreuve les élèves sur l'utilisation de «to be» ou «to have», «can» ou «must», sur certains temps. Les verbes irréguliers sont également au programme ainsi que des textes variés permettant la mémorisation de mots nouveaux.

On peut reprocher à cette série un temps de chargement un peu long, sans doute provoqué par le système de protection. En revanche, les exercices sont suffisamment nombreux pour ne pas laisser rapidement et la motivation est constante grâce à l'affichage graphique des résultats.

MASTERFILE CPC 6128 400 F

INITIEZ VOUS À LA GESTION PROFESSIONNELLE DES DONNÉES, CRÉEZ MÊME ET UNE APPLICATIONS UTILES SUR VOTRE CPC: adresses, stock de marchandises, collections, bibliothèques, vidéothèques, photos, etc.....

* **Masterfile 6128**, est le seul gestionnaire de fichiers utilisant complètement la mémoire étendue du CPC 6128.

* **Masterfile 6128** permet la visualisation et l'édition de vos données de toutes les façons imaginables.

* Possibilité de lier plusieurs fichiers entre eux.

* Écrit **100% en langage machine**, c'est le plus rapide pour les opérations de tri et de recherche.

* **Masterfile** permet un contrôle total de la mise en page et ce jusqu'à 160 colonnes de large.

* **Numérotation** des pages, **calculs** entre champs et **totaux** de colonnes avec **additions** et **soustractions**.

* **Masterfile** est livré avec un **manuel complet** et plusieurs exemples **directement utilisables** (inventaire, facturier, étiquettes, collections, etc.....)

KWIKFILE 199 F

UN PUISSANT GESTIONNAIRE DE DONNÉES, POUR LE PRIX D'UN SIMPLE JEU !

UNE BASE DE DONNÉES À FAIBLE PRIX POUR UNE MANIPULATION RAPIDE ET AISEE DE FICHIERS DE DONNÉES.

CARACTÉRISTIQUES : UTILISATION À 100% PAR MENU

* JUSQU'À 19 RUBRIQUES PAR ENREGISTREMENT * TOTAL DES RUBRIQUES * LONGUEUR DE TOUTES LES CHAMPS DE VARIABLES * 25 CARACTÈRES PAR RUBRIQUE (PLUS POSSIBLE MAIS PAS AFFICHÉ) * JUSQU'À 22000 OCTETS PAR CHAMP * TRI ALPHA-NUMÉRIQUE SUR TOUTES LES CHAMPS * RECHERCHE RAPIDE PAR TOUCHE QUI AFFICHE SUR L'ÉCRAN TOUTES LES ENREGISTREMENTS CONTENANT LES DONNÉES DESIRÉES * IMPRESSION DE TOUTES LES RUBRIQUES DANS N'IMPORTE QUEL ORDRE * RÉPONSE AVEC OU SANS NOM DE CHAMP * CALCULS DANS LES RUBRIQUES (IDÉAL POUR TENUE DE STOCK...) POSSIBILITÉ DE CHANGER DE FORMULE DE CALCUL DANS TOUTE RUBRIQUE ET D'EN AJOUTER * CATALOGUE DE FICHIERS GÉRÉS PAR MENUS.

DIGITALISEUR VIDI

749 F

VIDI capte et transfère plus de 6 images /sec. directement de votre magnétoscope, caméra, télé vers votre ordinateur

- Sauvegarde sur cassette ou disquette
- Travaille en MODES 0, 1 ou 2
- 16Ko de mémoire vidéo additionnelle
- Contrôleur d'images incorporé
- Compatible OCP ART STUDIO
- Livré avec câble RCA, BNC + câble PERITEL

PAGE PUBLISHER PAO: ... 325 F

* PUBLICATION ASSISTÉE PAR ORDINATEUR 6128

* CRÉEZ TRÈS FACILEMENT VOS DOCUMENTS, POSTERS, PETITS JOURNAUX, LOGOS, FANZINES, ETC.....

* **PAGE PUBLISHER P.A.O.** PERMET LE CONTRÔLE, AUSSI BIEN DE L'IMPRESSIION QUE DU GRAPHISME.

* COMPATIBLE TOUTES IMPRIMANTES MATRICIELLES, EPSON, DMP 2160/3160

* GÈRE PAR ICONES ET MENUS, **PAGE PUBLISHER P.A.O.**

PEUT ÊTRE PILOTÉ PAR CLAVIER OU JOYSTICK.

* RECONNU COMME LE N°1 DE LA MICRO ÉDITION PAR LA PRESSE EN GB POUR SON RAPPORT QUALITÉ/PRIX

PAGE PUBLISHER PICTURE DISC 159 F (PLUS DE 400 FONTES ET DESSINS SUPPLÉMENTAIRES)

PROTEXT TRAITEMENT DE TEXTE

THE BUG

Frédéric CLEMENT

Valable pour CPC 464 - 664 - 6128

Les "DIRE STRAITS" sont en tournée mondiale. Avant leur premier concert en France, une catastrophe s'est produite : toutes les guitares de Mark Knopfler ont été volées.

Le leader du groupe part donc à la recherche de ses Pensa -Suhr, Schecter et autres National Dobro.

Pour charger le programme, il faut taper et sauver les programmes suivants : THEBUG.BAS, BUG.BAS, DATAS1.BAS, DATAS2. BAS et DATAS3.BAS. Ensuite, lancez par RUN les fichiers DATAx.BAS pour créer BUG1.BIN, BUG2.BIN, BUG 3.BIN.

Le jeu se lance avec RUN "THEBUG".

PETITES ANNONCES

La place réservée aux petites annonces est limitée. En conséquence, celles-ci passent dans leur ordre d'arrivée. Par contre, les petites annonces farfelues sont systématiquement rejetées... De même, comme il est peu probable qu'il existe des "généreux donateurs" de matériels ou de logiciels, les petites annonces faisant appel à ces philanthropes ne seront insérées que si la place le permet.

Seront refusées toutes les annonces visant à vendre ou échanger des listes ou copies de logiciels non garantis "d'origine", ainsi que toute annonce incitant au piratage.

En conséquence, réfléchissez bien avant d'envoyer vos textes. Les petites annonces doivent impérativement nous parvenir sur la grille (découpée ou photocopiée), le texte étant rédigé à raison d'un caractère par case.

Enfin, toute annonce non accompagnée de timbres ne sera pas insérée.

• Vds CPC 6128 + logiciels, livres, revues, compilation. Prix intéressant. Liste sur demande. P. LA-MER 8, mail R. Menand 92130 Issy / Mx . Tél.46.42.79.30.

RECTIFICATIF CYBER-POWER

Les CPC+ n'ont décidément pas de chance : le programme CYBER POWER ne fonctionne pas normalement sur ces ordinateurs.

Heureusement l'auteur vole à leur secours en leur proposant un rectificatif très simple à mettre en œuvre : il suffit de taper le petit programme ci-dessous puis d'insérer la disquette contenant le jeu CYBER POWER (ou une copie de préférence).

Lancez le petit programme par RUN et il modifiera automatiquement le fichier concerné.

```
10 MEMORY &6000:MODE2
20 LOAD "CYBER5.BIN",&6100
30 FOR T=&635F TO &6366
40 READ A$:POKE T,VAL("&"+A$)
50 NEXT
60 IERA,"CYBER5.BIN"
70 SAVE "CYBER5.BIN",B,&,6100,&750
80 PRINT "OPERATIONS TERMINEES..."
90 DATA CD,9D,04,3A,DB,04,17,C9
```

allo CPC infos

Attention, notez bien ce qui suit : tous les mercredis de 14 h. à 17 h, la rédaction se tiendra à votre disposition au 99.52.98.11 pour tous renseignements techniques. En dehors de ce créneau les réponses techniques se feront par courrier (n'oubliez pas de mentionner votre adresse et joignez un timbre pour la réponse) ou bien par Minitel sur le 3615 code :MHZ.

ABONNEZ-VOUS !

Vous désirez recevoir CPC Infos directement chez vous et être certain de l'avoir à disposition.

Comment avoir CPC Infos chez votre marchand de journaux ?

Simple. S'il ne le reçoit pas, demandez-lui d'intervenir auprès des NMPP afin qu'il dispose du service. Pour ce faire, indiquez-lui le titre CPC Infos, le prix 30 F et la codification des NMPP : M2604. Cette codif est inscrite dans le code barre sur la couverture.

EDITEUR DE TABLEAU POUR LE JEU

Frédéric LABI

Valable pour CPC 464 - 664 - 6128

HAL

Hal a été publié dans le numéro 46 de CPC Infos (Juillet 92), voici maintenant un éditeur qui vous permettra d'ajouter jusqu'à 51 tableaux à la suite.

Le programme comprend plusieurs options :

• L'éditeur de tableau.

Pour créer un tableau, utilisez les flèches ou les touches de fonction : F4 = à gauche F6 = à droite F8 = en haut F5 = en bas

Pour passer au tableau suivant, il faut taper CONTROL + les flèches (gauche et droite) ou les touches de fonction : F1 = tableau précédent F3 = tableau suivant

Pour insérer un élément de décor, appuyez sur la touche «espace», pour l'effacer, appuyez sur «E». Le changement de sprite s'effectue avec la touche «RETURN» (ENTER pour 464). La touche TAB permet de revenir au menu principal et la touche ESC affiche des pages d'aide. Les coordonnées X et Y précisent l'emplacement du sprite, T indique le numéro du tableau et S le numéro du sprite.

• L'éditeur de monstre

Il fonctionne comme l'éditeur de tableau mais il s'agit de placer le point de départ du monstre.

• Visualisation

Cette option permet de voir les tableaux exactement tels qu'ils seront dans le jeu. CONTROL et les flèches ou les touches de fonction changent le tableau

• Chargement

Il est possible de recharger une série de tableaux pour les modifier.

• Sauvegarde

Sauve la série de tableaux actuellement en mémoire sous forme de 2 fichiers portant les extensions .TAB et .MON. N'oubliez pas d'indiquer le nombre de tableaux créés.

Pour pouvoir utiliser ces nouveaux tableaux, il faut posséder le programme original HAL.BAS et modifier les lignes suivantes :

```
50 MEMORY &3FFF:LOAD"SCR",&8000:LOAD"HAL.SPR",&7000:MODE 1:PRINT"Nom du fichier  
(sans extension) :":INPUT "",NOM$:NOM2$=NOM$+".TAB":LOAD NOM2$,&4000
```

```
710 X=X+1:IF X=17 THEN TA=TA+1:IF TA=62 THEN GOTO 30200 ELS MO=0:S=S+3:  
A=REMAIN(1):GOTO 190
```

```
7005 MO=0:A=REMAIN(1):EI=V-1:IF V=0 THEN CLS:D=5:DD=5:CALL &8000,FNpo(D,DD),  
SP (13):PEN 11:LOCATE 8,10:PRINT " X ";V:LOCATE 5,12:PRINT"GAME OVER":FOR D=0 TO  
3000:NEXT:GOTO 130
```

```
30220 CALL &BB06:GOTO 130
```

et insérer ces quelques lignes :

```
81 NOM2$=NOM$+".MON":OPENIN NOM2$
```

```
82 G=1:WHILE NOT EOF:INPUT #9,MX(G),MY(G):G=G+1:WEND:CLOSEIN
```

```
83 FOR P=1 TO G:MON(P)=10:NEXT:G2=G-1
```

Chargement

Le programme principal est -EDITEUR. BAS, les autres fichiers contiennent des exemples de tableaux supplémentaires. Pour les examiner, il faudra les lancer par RUN, ce qui créera automatiquement les fichiers HAL.TAB et HAL.MON. Pour jouer, utilisez le programme HAL.BAS modifié comme indiqué plus haut.

EDITEUR.BAS

```

Le fichier DATAS1.BAS crée le fichier SKYWAR.SPR, les fichiers DATAS2.BAS et DATAS3.BAS créent le fichier SKYWAR1.COD.

SCENARIO

Un professeur français, spécialiste en physique nucléaire se fait enlever à Paris par les services secrets d'un petit état d'Amérique du Sud : le

San-Carlos.

Etant le meilleur agent de la D.G.S.E., vous allez être lancé à la poursuite des kidnappeurs.

Votre première mission : rallier le San-Carlos par voie aérienne. Un hélicoptère muni de plusieurs tirs vous permettra de détruire à la fois les forces navales et aériennes. A la fin de cette première partie, un code d'accès vous sera donné. Bonne chance ...

Commande : La commande doit comporter tous les renseignements demandés sur le bon de commande (désignation ou référence si celle-ci existe). Toute absence de précisions est sous la responsabilité de l'acheteur. La vente est conclue dès acceptation du bon de commande par notre société, sur les articles disponibles uniquement.

Les prix : Les prix indiqués sont valables du jour de la parution du catalogue jusqu'au mois suivant ou au jour de parution du nouveau catalogue, sauf erreur dans le libellé de nos tarifs au moment de la fabrication du catalogue, et de variation de prix importante des fournisseurs.

Livraison : La livraison intervient après le règlement. Les délais de livraison étant de 10 à 15 jours environ, SORACOM ne pourra être tenue pour responsable des retards dus aux transporteurs ou aux grèves des services postaux.

Transport : La marchandise voyage aux risques et périls du destinataire. La livraison se faisant par colis postal ou par transporteur. Les prix indiqués sur le bon de commande sont valables sur toute la France métropolitaine, + 20 F par article pour Outre-Mer par avion et au-dessus de 5 kg nous nous réservons la possibilité d'ajuster le prix de transport en fonction du coût réel de celui-ci. Pour bénéficier de recours possibles nous invitons notre aimable clientèle à opter pour l'envoi en recommandé. A réception des paquets, toute détérioration doit être signalée.

Réclamation : Toute réclamation doit intervenir dans les dix jours suivants la réception des marchandises.

REMAKE II & PYMBU

René BONCOURRE

Valable pour CPC 464 - 664 - 6128

La boule avide de fruits et de gateaux est toujours là, avec en prime des murs à casser. Plus de plates-formes poreuses : maintenant elles rétrécissent jusqu'à disparaître. Les marteaux cassent les murs. Un marteau = 3 pans de mur. Vous trouverez également une vie à saisir, parfois indispensable pour passer certains tableaux.
