

BRAINSTORM FOR AMSTRAD USERS

Your version of Brainstorm has been specially configured for Amstrad computers, and there is no need for complicated installation procedures.

Please ignore chapter 7: Installation. All of this has been done for you.

CPC 6128 Users Please Note

1. If you experience difficulty using this key, hold down the CONTROL key and press the [key.

PCW 8256 Users Please Note

1. The Brainstorm manual refers to the ESC key. This key is called EXIT on the PCW 8256.
