THE GAME

Harvey Headbanger and his great rival Hamish Highball are both very aggressive characters. They scrap continually just for the fun of it, and using their only weapons; a large belly and a strong head, they try to bounce each other as far away as they can.

When you bump into your rival you will both be temporarily **BLACKED OUT** and during this time you will suffer a severe headache and move in an unpredictable manner.

However, you can numb the pain by drinking highly refreshing cocktails which appear occasionally and you should slurp these up as noisily as you can.
