

HELICHOPPER

© 1985 TONY BECKWITH
AMSTRAD CONVERSION BY A. ROGERS

THE GAME

Craft available: One fast moving, armed Helicopter.

Weaponry: Unlimited supply of bombs.

Screens: 23 (each with a time limit).

Lives: Five (with an extra life for every four screens survived).

Mission: Rescue the Clones from the steamy, swarming Swamp.

Tactics: On each screen a number of Clones must be located and flown out – one at a time. To do this, land your chopper at the Electric Fence and when one of those little chaps climbs aboard whisk him to the safety of the ledges (where he will disembark when the next ledge up is white).

Threats: The Creatures of the Swamp. Some multiply when bombed, others will launch rocks at your craft (you didn't expect this to be E-A-S-Y!), some are heat-seeking Dollopoids who'll track you down (you can breathe a sigh of relief while parked at the Fence). All Swamp Creatures are deadly on contact.
