It is 1985. You are an officer in the freedom army of Ching Lai , the heroic general who led your country to rise and overthrow its oppressive imperialist overlords. Now that peace has finally settled over the land, after generations of conflict, starvation, and desperation, you must go and help your kindred fellows of Campuchia, separated from you only by the unnatural barriers of a political border. They have been invaded by the malevolent forces of the despotic dictator Lee Ho Fook. Villages have been raised to the ground, and crops burnt. These conditions have forced the population to work under conditions of slavery in the Jade mines that Lee Ho Fook is plundering in order to sell to unscrupulous Middle Eastern arms dealers who, in return, are supplying the parts to a new super-tank, disguised as mechanical parts for an oil refinery. With this super-tank, Lee intends to subjugate the surrounding territories. This despot will stop at nothing to fuel the fires of his insane lust for power.

You are to lead a small, but stealthy, commando force, to capture, and destroy the super-tank. Success in your mission will lead to the end of Lee Ho Fook's tyrannical dictatorship. Failure will surely lead not only to the continued enslavement of the people of Campuchia, but also to

the subjugation of the surrounding lands. Before you embark on your mission you are summoned to a private audience at Ching Lai's presidential palace. He wishes you good luck; but also tells you that there is no point in you returning home without success.

Playing Instructions

Armed with only your automatic rifle and a handful of grenades, you, and your men, must make your way to the Port of Cheduba where the super-tank is in emplacement. On the way you must cross the Mekong River at its narrowest point. This will involve you overrunning the Ngoc Liah garrison. After this you must traverse the dangerous jungle of Toule Sap, where you are likely to encounter Lee's guerrilla forces. If you can overcome them you must make your way to Cheduba to capture and destroy the super-tank.
