Arkansas, 1880. You're the roughest, toughest, bounty-hunter that ever toled a shootin'iron. But all is not well. You've lost all your money, your horse, your saddle, and even your name in a crooked poker game. All you have left is your trusty six-shooter, a fist full of bullets, and a colourful woven poncho. The only way to crawl outta the gutter is to round up the gang of bandits that have been causing trouble in this two bit town for far too long. You look at the "Wanted" posters outside the Sheriffs' Office. There they are - four of the ugliest, meanest, and deadliest varmints in The West. You decide to go after them. There's \$5000, \$10000, \$15000, and \$20000 on those heads, and you sure could use that sorta money. This sure isn't a job for greenhorns, pardner. If you get all four, their boss'll be paying you a visit. And he's gonna be real furious. He's gonna want your blood; and some folk says he's faster and deadlier than a rattle snake. So you'd better be ready for a final showdown at High Noon. When the smoke clears who's gonna be left standing - YOU or HIM!!!
