

The Pride Picture Show

Over 15 fantastic pictures by the famous computer screen designer, Jill Lawson. A great utility with many outstanding functions letting you zoom in, invert, mirror and multi-frame your pictures.

Create full size screen dumps of the great graphics with the complementary screen dump routine (*to be used in conjunction with Printer Pac II*). Even better, create wall-sized posters with full proportional shading. Compatible with most makes of printers.

INSTRUCTIONS

To run type — RUN "PICS" <ENTER>

Copy	Redraw Screen	
Tab.....	Screen Dump	} For use with Printer Pac II
CTRL <TAB>	Poster Screen
