

LOADING INSTRUCTIONS:

Reset the computer by pressing the CTRL, SHIFT and ESC keys simultaneously, —

Insert cassette into Datarecorder,
Rewind tape to beginning,

Press Ctrl, and Small enter keys simultaneously,

Press Play on Datarecorder,

Press Any key,

After a few seconds you should hear the sound of the Data being loaded.

Main program will load after titles.

If the side 1 fails to load, please try side 2, this side has been saved at the slower but more reliable 1,000 baud rate.

Full instructions on how to use the program are included within the program and will be displayed if requested.
