GAME:

You have been left to guard the plutonium stock piles that are vital to the life support systems of your recently colonized planet, Fungii 7. On your radar you spot waves of alien beings descending on your position. Armed with a highly manoeuvrable battle droid — 'Spindrone', you must fight off the Kermatoids who are intent on stealing your nuclear fuel. Failure will mean the end of life as you know it and your planet will revert to its pre-colonized state, capable only of supporting the fungus-like growth after which it was named.
