

ANDROID ONE

'THE REACTOR RUN'

AMSTRAD CPC 464

Can you destroy the reactor before the reactor destroys the world? Only if you can blast through brick walls, mazes and strong rooms, dodge moving obstacles and overcome hordes of fiendish mutants first.

To carry out this 'mission impossible' you have just one weapon. Android One. And you'll be amazed at his agility.

Sophisticated animation, full sound effects and hi-res colour graphics in a game that's setting explosive new standards.
