BALL CRAZY

A vibrant cartoon illustration featuring several yellow, round characters with large eyes and small limbs. They are interacting with a large, multi-colored structure made of rectangular blocks in shades of yellow, green, blue, and red. One character is perched on a high ledge, another is climbing, and others are positioned around the base. White, smoke-like clouds are scattered around the scene, adding to the dynamic and playful atmosphere.

MASTRO

MASTERTRONIC ADDED DIMENSION

Bounce Erik the Ball around the screen, change the colours of the blocks, pick up the bonus objects, fight off the "Chasers" and try to amass as large a score as possible.

Ballcrazy? – you certainly will be!
