BUBBLER[®]

For many years the ancient city of IRKON has been ruled over by the great and evil wizard VADRA. The inhabitants of IRKON have been suppressed and enslaved by this wized and anyone who speaks out against him is instantly imprisoned, or worse. You are one of these citizens having been imprisoned long ago. As well as imprisoning you, as further punishment VADRA also turned you into an amorphous blob, without movement or form.

To help him keep control of the people of IRKON, VADRA forced the craftsmen to make vast bottles over which he cast an evil spell. The spell caused the bottles to ooze out large embryonic bubbles which burst leaving spellbound mutant creatures under the control of VADRA. When the people saw the first of these mighty bottles they called it:
