MASTERFILE III FEATURES

MASTERFILE III is the successor to the very popular MASTERFILE 464 and MASTERFILE II programs. It is a disc filing system of immense speed and versatility to suit all users of Amstrad CPC 128K machines. Only one disc drive is required. A comprehensive illustrated manual is included.

Most filing systems can store, search, update, display, and print. But MASTERFILE III offers very much more ...

- Fully machine-coded for speed
- Fully MENU-driven
- Variable-length fields and records
- Field-to-field calculations
- Multiple User-defined screen formats
- Clever data presentation options
- Data sharing RELATIONAL capabilities
- Multiple column totals, + or -
- Communicate data to other programs, e.g. PROTEXT/
PROMERGE/TASWORD
- Sort ascending/descending
- Ultra fast file search, any number of criteria
- Fast Screen/disc handling
- File Save/Load/Merge/Split/Erase
- USER BASIC for customised data processing
- Printed output up to 160 columns
- Compatible with earlier CPC MASTERFILE files

File capacity is 64K, about 1,000 names and addresses for example. Over 50 fields per record, up to 240 characters per field.

Applications include:

Address lists, Label printing, Stock control, Music/book indexing, Insurance inventory, Shares portfolio, Bibliography, Philately, Club membership/subscription list, Price lists. Just about any card-index application can be brought into the computer age with MASTERFILE III
