

MOON CRESTA

A dynamic space battle scene. In the foreground, a large white and yellow spaceship with 'MEX-3' written on its side is firing a purple energy beam. In the background, a bright yellow starburst explosion is the center of action, with several smaller green and blue ships nearby. A red winged figure is also visible. The background is a dark space filled with stars.

LOADING AND CONTROL OPTIONS *See over*

MOON CRESTA

Select game for 1 or 2 players. Use joystick or keyboard to move Rocket Ships (1-3). Shoot and avoid the onslaught of attacking Kamikaze Aliens but beware as their tactics and formations will change as your skill increases.

Bonus is given at 30,000 points.

Game is over when all Rocket Ships are destroyed.

BONUS DOCKING

Use Rocket controls to make a docking-press fire for Retrofiring. The quicker the docking the higher the Bonus. When docking is complete-greater fire power is achieved. Name registration for best 5 scorers.

ENJOY THE TRIP!
