MISSION BRIEF

An armoured supply car is carrying drugs to the centre of the city. One after the other, four delivery cars will drive in to meet it, and then drive off to their hide-aways. After the fourth pick-up the armoured supply car will leave the city. Your mission is to stop the delivery cars after they have made their pick-ups and before they disappear in their hide-aways, and to stop the armoured supply car after it has passed its drugs to the last car and before it leaves the city. You will score extra points for catching the drug smugglers alive, rather than shooting them. Your vehicle will be a Lotus Turbo Esprit capable of driving at 150 mph. You will lose points for injuring the general public. There are traffic lights at junctions which should be obeyed (though the smugglers will probably ignore them), there are pedestrian crossings where people will have the right to cross and there are road-works that you should avoid. Drive well. Drive carefully.
