

# 3D CONSTRUCTION KIT™

## OWNER'S REGISTRATION AND USER GROUP MEMBERSHIP

### REGISTRATION

Thank you for buying the Kit! In order to protect your interests we have a free registration scheme for owners. Queries will only be entertained from registered users, who quote their registration number and enclose a stamped addressed envelope. To register please complete and return the lower portion of this form retaining the upper half as a record of your registration number.

### THE USER GROUP

Having read the manual you will appreciate that the potential of the program is so great that the manual cannot possibly cover every eventuality, nor go into any great depth on even the simpler topics. By joining the USER GROUP you will have access to the combined experience of many other users by means of a personal helpline and bi-monthly newsletters. Through the group both beginners and acknowledged experts can get together to share knowledge, solve problems, develop routines, learn of new developments and generally enjoy the friendship of like-minded individuals.

The bi-monthly newsletter is a place to chat with other users, find and offer help, swap skills and routines, and learn how to give your games and environments the professional touch that will get them noticed.

The helpline is available free to all members during the period of membership, not just once but an unlimited number of times... as long as it takes to solve your problems.

Annual membership of The 3D Construction Kit User Group costs £12.00 (£15.00 Europe, £18.00 World wide) which includes six issues of the newsletter. A sample newsletter may also be ordered, the cost of which can be deducted from the annual fee if you subsequently become a member.

To register your ownership of The 3D Construction Kit simply complete and return the form below (enclosing a CHEQUE/PO made payable to MANDY RODRIGUES if you also want to join the User Group or order a sample newsletter).

3D KIT USER GROUP, MANDY RODRIGUES, 67 LLOYD STREET, LLANDUDNO,  
GWYNEDD, WALES, LL30 2YP
