Below are a list of the programs and games that are available from Radical Software. The prices are all inclusive, there is no extra to pay. Payments should be made in Pounds sterling and made out to Radical Software. All programs are available on 3" or 3.5" disc, it should be stated, when ordering, which one is needed, and also if you have a side switch.

MegaBlasters - 6128 Only - £13.95

Arguably the biggest game ever produced for the CPC. This action packed bombing game spreads over two discs, and blasted onto the CPC with over 900K of data.

"Whether you are playing alone to beat the game creators best scores, or dodging the bombs planted by so-called friends, MegaBlasters is addictiveness taken to a new high...gets it's claws in straight away, whichever way you choose to play...94%" AA 111

Who Said That - 6128 Only - £13.95

Designed for somebody who does not want to bash the brains out of cute little teddy bears all the time. A well researched game in which you must answer to the quote, with loads of variety, and even a sense of humour.

"...It's extremely addictive...really blow your mind, well researched and worth the money...85%" AA 110

Masters Of Space - £9.95

Another run-of-the-mill shoot-em-up? No. This is different. It has some great graphics, smooth animation and much more to offer.

"...Masters Of Space delivers the goods...providing high speed action and a few intriguing twists on the usual vertically scrolling shoot-em-up formula...75%" AA 107

Star Driver - £9.95

A colourful game, by the author of Masters Of Space, about racing around asteroids in space. Play against the clock, or another player, in many different worlds.

"The graphics are weird, certainly different and generally quite impressive..." AA 109

Fluff - Plus Only - £7.95

You take control of the loveable Fluff, and must wander around the levels to find your four lost children. Some great action and graphics are coded into this game, as well as secret passages and platforms that you must discover.

"Great artwork, superb animation...a thumping theme tune...90%" AA 104

Smart Plus - Plus Only - £13.95

An art package which features overscan and extra colours, animation, screen swapping and more. It is a great rival for OCP Art Studio. Radical programmer, Rob Buckley, used Smart Plus to produce Fluff and is currently using it for Lethal Moves and Abandoned.

"If you really want to see what your Plus can do, run out and get Smart Plus." AA 95

RoutePlanner - 128k Only - £19.95

A journey planner with new maps for 1995, it can tell you how to get somewhere, how long it will take, everything. You can look at the maps from a distance, or zoom in and see road names. This is programmed by Amstrad Action's technical guru, Richard Fairhurst, so it's bound to be well coded.

"RoutePlanner is a mightily ambitious piece of software...it's a pretty darned impressive piece of work...88%" AA 108

An updated catalogue is available at any time, if an SSAE is sent.

Although we do try to get parcels out quickly, please allow 28 days for delivery.

If you have a game or program which you feel could be sold commercially, why not send it to the above address on a 3" disc with an SSAE and we'll see what we can do.
