primary game scenario, the USSR is intent upon disrupting the trans-Atlantic shipping of US reinforcements to NATO after a crushing invasion of Western Europe by the massed hordes of the Warsaw Pact.

Your duty is to locate and destroy Soviet submarines as they leave their base near the Arctic Circle, before they can reach the Atlantic. With access to vast amounts of critical information, large scale strategic maps and intelligent, computer guided weaponry you experience a full scale collision of the two Super Powers. What will the outcome be with you in control?

Save the world from Soviet domination. Red Storm Rising is a blockbusting submarine simulation based on the No.1 best-selling book of the same name by Tom Clancy.

Created by Sid Meier, author of *F-15 Strike Eagle* and *Silent Service*, it puts you in command of an American nuclear attack submarine in World War III. In the

Join the elite ranks of Silent Service, the best-selling, award-winning submarine simulation.

As captain of a Second World War submarine stationed in the South Pacific your goal is to seek out, track and sink Japanese shipping.

This simulation is highly authentic, recreating all the tension and excitement of perilous, historical combat missions.

Here you must live by your wits for automatic time scaling ensures actions and decisions are constantly required. Silent Service is an utterly convincing simulation and a milestone in computer gaming.

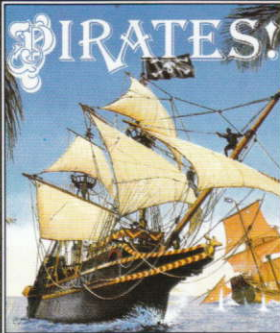

M1 Tank Platoon is the definitive simulation of armoured land combat. Incredible accuracy and authenticity have been achieved in simulating the Abrams M1, the brand new, 63 ton, main battle tank of the US Army.

Here you have tank warfare the way it is in real-life combat. Uniquely, MicroProse puts players at the helm of a platoon of four tanks. Each tank is operated by four solidiers, giving you a total of sixteen battle positions.

In addition to controlling four tanks across the 16,000 acre, rolling 3D battle zone, you can call other forces to your aid, including infantry, helicopters, jets and artillery. With thousands of battle fields and millions of situations, the strategic permutations are never ending in this superb new simulation. M1 Tank Platoon is another MicroProse masterpiece.

PIRATES!

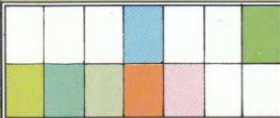

This award-winning, adventure simulation casts you in the role of a bounty-seeking pirate on the Spanish Main during the 16th and 17th centuries.

Authenticity is the key. Players can choose from six different time periods, lavishly described and depicted on screen, nine types of ships, all accurate representations of the pirate vessels of the day and over 50 islands and nations to visit,

trade with, or capture.

Your objective is to improve your status and wealth by choosing the most lucrative expeditions, forging the most fruitful alliances and negotiating the greatest profits. Buried treasure, just a map away, enticingly holds the promise of everlasting wealth.

Pirates! delivers high adventure on the high seas. It's a challenging combination of history, action and intrigue.

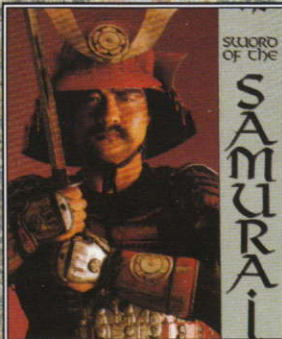

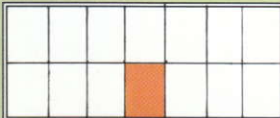

RAILROAD TYCOON

Escape to the golden age of railroads, where your imagination decides the fate of a nation. Sid Meier's Railroad Tycoon gives players complete control of the economic resources of the Industrial Age, and the commercial struggles that would thrust the world into the 20th Century.

You control every aspect of your railroad's operation. Every choice you make will affect the world around you. Determine the fate of towns, the prosperity of businesses, the success of entire industries.

Select the types of trains that will run on your railroad, determine their schedules and designate the kind of cargo they will carry. Watch towns prosper as your empire grows; watch economies plunge as your fortunes wane. Build a nation your way.

AIRBORNE RANGER

Airborne Ranger is an exciting and original combination of action, strategy and suspense, featuring 12 missions in three different areas of the world. It's up to you, the lone Airborne Ranger, to complete each mission.

Tailor your weapon choice to suit your current mission and parachute down onto enemy territory. Once on the ground, you can crawl, walk and run across full-scrolling,

3D terrain. Make sure you dodge the enemy and when you've fulfilled your mission objective, head for your pick up point to return to safety.

Airborne Ranger is a challenging, action simulation demanding courage, ingenuity and special skills.

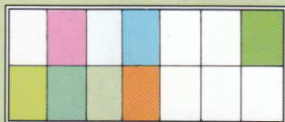

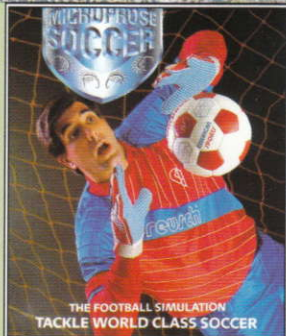

MICROPROSE SOCCER

MicroProse Soccer is an award-winning game, combining exciting fast-paced action with all the thrills of a true soccer simulation.

Ingenuously, the game features an overhead perspective of the pitch, making it easy to play. Compete at world class level, either against a friend or the computer.

Superb graphics and sound effects recreate the atmosphere and tensions of a real match. Once you've kicked off, winning depends on your skill - players can perform a whole variety of movements, including overhead and banana kicks.

MicroProse Soccer also features an original six-a-side indoor game, varying weather conditions and a unique action-replay facility. This simulation is guaranteed to keep you on the pitch day after day.

F-15 II

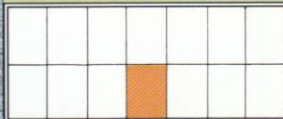

The original F-15 Strike Eagle, the award-winning combat flight simulator that revolutionised computer gaming, is re-born with major enhancements.

Seasoned veterans and novices alike can climb into the Eagle, one of the fastest and most powerful military aircraft in the world. Incessant dogfighting is the name of the game here. Super-smooth, non-stop action takes

place over 250,000 square miles of authentic terrain in four real-world battle zones.

Incredible visual detail is provided by solid, polygon-based super 3D graphics, taking you right to the thick of the action. There are hundreds of options and a huge number of scenarios. Success means making the right moves. And making them fast.

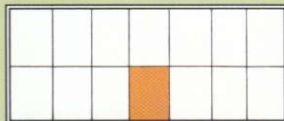

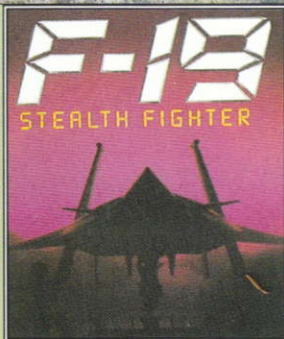

Pilot the US Air Force's highly classified radar-elusive jet on sensitive, clandestine missions.

F-19 STEALTH FIGHTER

F-19 Stealth Fighter has been designed by MicroProse co-founder and programming genius, Sid Meier. It features hundreds of realistic combat scenarios in four authentically represented regions of the world: Libya, the Persian Gulf, North Cape of Scandinavia and Central Europe.

In the PC, ST and Amiga versions technical brilliance has been achieved in the simulation, bringing you eleven distinct views as you play, solid-filled 3D graphics and super smooth animation. Not surprisingly, F-19 Stealth Fighter is one of the most popular releases in MicroProse history.

GUNSHIP

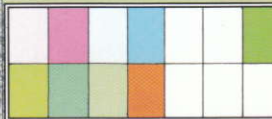

GUNSHIP

MicroProse's classic, award-winning attack helicopter simulation. Ever since its release, Gunship has stayed at the top of the popularity stakes.

It features stunning realism and incredible depth, putting you at the controls of the Apache - a highly sophisticated warrior helicopter. You'll use the same advanced weapon systems as real Apache pilots, including laser guided missiles, radar and infrared warnings, night viewers, rockets and jammers.

Taking you on dangerous combat missions around the world and without any effort at all, Gunship blows all the other helicopter simulations out of the sky.

ELITE

Elite is the all-time classic space trading game. It's a superb combination of strategy, adventure and arcade action with sixteen colour 3D graphics and compelling depth.

You seek to make your fortune, travelling through eight galaxies and trading commodities from over 2000 planetary systems. The road to riches is plagued with hordes of bounty

hunters, space pirates and police, all of whom must be annihilated as you bomb down the corridors of space.

Acquiring the ultimate status symbol - to be Elite - is a long and arduous fight. A fight that really tests your skills.

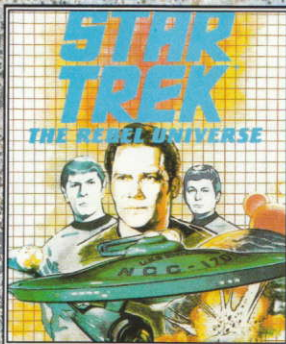

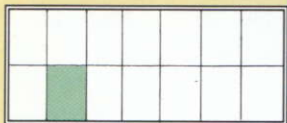

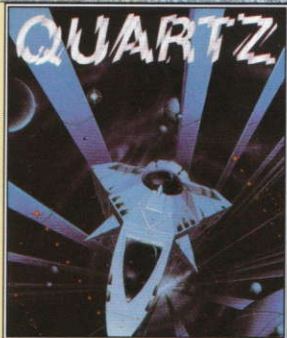

QUARTZ

Quartz is an all-action, eight-way scrolling blast-'em-up from Firebird.

In this graphical extravaganza, the action takes place in the lattice of a crystal, flying through a cloud of sub-atomic particles. Blast everything in your way and collect the 'quarks' released when you destroy the particles. These can be used to upgrade your ship's weapons when critical density is reached.

With no less than eleven different power-ups available to you, you might just survive the 22 levels of mayhem. But don't bet on it.

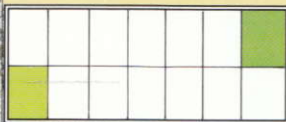

STAR TREK

Join Captain Kirk and the crew of the USS Enterprise.

In this fantastically exciting game, Firebird puts you in the thick of the action aboard the Enterprise.

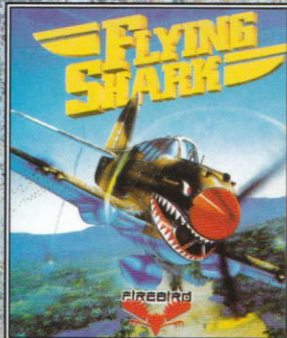

A massive rebellion has erupted between hordes of Federation Starships, Klingons and Romulan Battle Cruisers. Your objective is to enter the quarantine zone and stop the rebels - a mission fraught with danger.

Star Trek involves travelling to 1,000 solar systems, mastering the ship's 3-dimensional navigational system and unlimited combat. Here's your chance, at long last, to star in Star Trek.

BEST OF ARCADE ACTION

FLYING SHARK

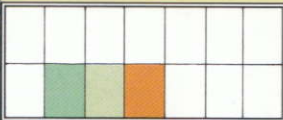

This Firebird game is an addictive and challenging shoot-'em-up featuring superb graphics and non-stop, gripping action.

Pilot the legendary Flying Shark - a seemingly invincible aircraft - over jungles, deserts, railway depots and the high seas.

The odds are stacked against your lone fighter as anti-aircraft cannons pump bullets

skywards, squadrons of fighters dive to attack, and tanks join the fray. This is a single fighter against a huge war machine.

Undertaking non-stop, ferocious aerial dogfights, the game is sheer entertainment from start to finish. Outstanding wizardry at the controls is needed to fly the Shark to victory.

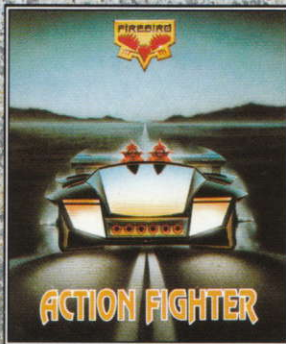

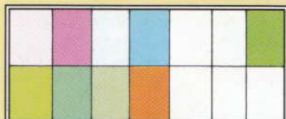

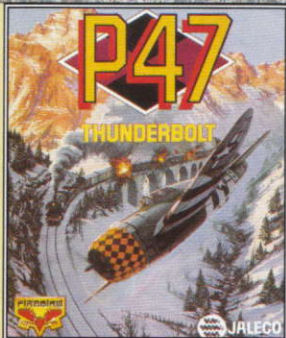

P47 THUNDERBOLT

P47 brings you arcade action at its very best. Take to the skies in a Republic P47 Thunderbolt, one of the best-loved US fighters of World War II.

Strapped tightly into the cockpit you fight it out against the enemy over eight levels of extreme action, increasing your firepower at every opportunity. With a simultaneous, two-player option in the 16-bit versions, there's plenty of hectic dogfighting as you both attempt to smash the might of advancing forces.

Here's your chance to prove yourself as a real hotshot fighter pilot. This faithful reproduction of the classic Jaleco arcade game is packed full of fast, smooth, non-stop action.

ACTION FIGHTER

Action Fighter. That's you. Now's your chance to live up to your name.

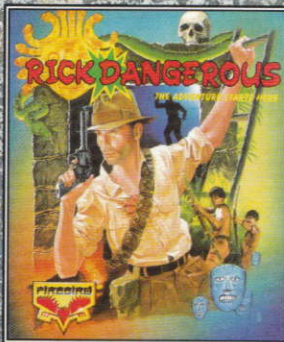

The President of the United States has placed the safety of his nation in your hands. You're in possession of the latest transforming vehicle, changing from a high-powered bike into a fast car, and then into a jet-car. Defeat all in your path as you meet the enemy head to head on their own ground. Collect sophisticated weapons to aid you in your mission, shooting everything that moves.

Action Fighter is fast, furious and tough. Leap into action now. This faithful conversion of Sega's coin-op is not to be missed.

BEST OF ARCADE ACTION

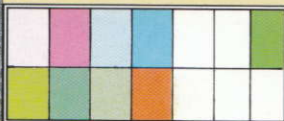

RICK DANGEROUS

Rick Dangerous, intrepid adventurer, super hero and part-time stamp collector, always lands himself in dire peril. (Especially when he forgets to refuel his plane).

Armed with his trusty six shooter, a stick and some dynamite, he sets out on four arduous adventures. They take him from the Aztec temples of South America to the Egyptian tombs of the Far East. This is the new

cult game from Firebird. It's pure fun while Rick, well, Rick is simply dangerous.

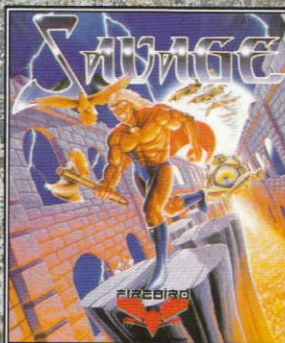

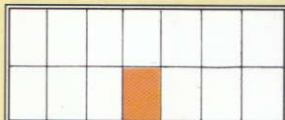

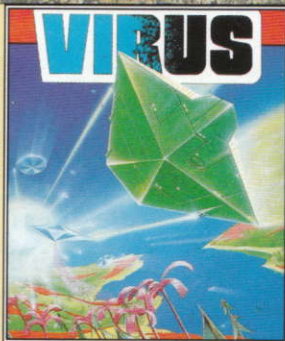

VIRUS

Skim superfast across a startling 3D landscape in your touch-sensitive hoverplane on a death-defying mission to stop the spread of the virus.

This game transports you to a world of superbly colourful graphics and addictive gameplay where you must protect the planet from a host of alien spacecraft and their deadly germs.

Skilful tactics and quick-wits are essential to combat the missiles, bombs and lethal weapons of the aliens.

Virus is a totally absorbing game. Once you've started to play you will find it's quite infectious.

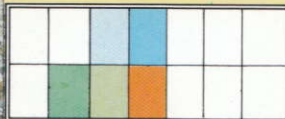

SAVAGE

Savage will keep you on the edge of your seat until the game's quest is completed. It features mind-blowing sound effects and stunning graphics.

Fuelled by rage, the Savage plunges into battle wielding his huge axe in a berserk frenzy. He reaps destruction on all who come within his range. For Savage is driven by a single mission - to rescue his companions from a labyrinth of dank and gloomy dungeons.

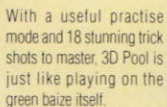

This is a challenging and captivating game that really puts your trigger-fast reactions to the test. Written and programmed by Probe Software, it presents addictive, super fast gameplay.

3D Pool is a first. In this stunningly realistic game you can view the table from virtually any angle. Its unique "move around the table" feature allows you to play shots from any position with real spin, side and strength.

Challenge a friend, or enter the gruelling sixteen-man tournament where you eventually take on Maltese Joe, the supreme European Champion.

A NEW STYLE OF ACTION

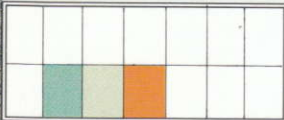

RVF HONDA

RVF is, quite simply, the most exciting and realistic motorbike simulation ever produced. Based on the powerful Honda RVF Formula One bike and developed with the full cooperation of Honda, it faithfully simulates the bike's gear ratios, acceleration characteristics and handling abilities.

Like all racing champions, you start out at club level, graduating to Mallory

Park, Donnington and Silverstone, and eventually competing on the International circuit against the big boys. Miss a gear or take the wrong racing line here and you're doomed. At 170 m.p.h. there is no room for error or bad judgement as you strive to shave fractions of a second off your lap times.

In this simulation, you can compete against computer-controlled opponents or, alternatively, datalink two computers together and race head to head against a friend. Have you got what it takes to lead the field and win the championship title?

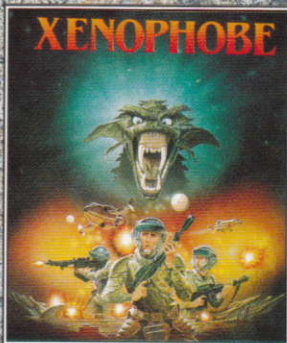

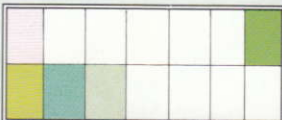

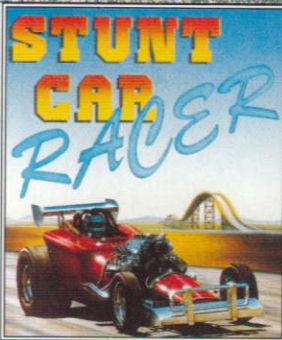

STUNT CAR RACER

Sit in the hot seat. In one of the most wicked stunt cars around. Your aim is to ultimately become Division One Champion.

With super-quick, turbo charged V8 engine that will power you to incredible speeds and long travel suspension that enables you to soak up the bumps, your car really is an awesome projectile.

The tracks are out of this world with banked corners that enable you to 'pull g', undulating bumps that throw your car uncontrollably from side to side and huge ramps that catapult you into mid-air. Battle it out on the track against computer-controlled rivals or link two computers together and race against a friend. This is a top game for top drivers. There are no prizes for being second best - it's all or nothing.

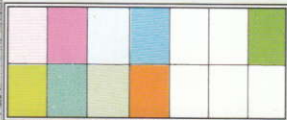

XENOPHOBE

Xenophobe is a fast-paced arcade action game for either one or two players. Converted from the classic Bally coin-op, it puts you on the battleground of the future.

The aliens are everywhere, overrunning the derelict space stations and moon bases, and furiously attacking those who cross their path.

Every screen erupts with action, danger and phenomenal excitement as you attempt to blast the aliens into oblivion using an impressive arsenal of powerful hand weapons.

Racing against time you must exterminate these mean and vicious creatures. This is the ultimate arcade challenge for any computer gamer.

Rainbow Warrior is a unique and fascinating game produced in collaboration with the environmental pressure group, Greenpeace. It is both entertaining and informative, involving you in the major ecological issues facing us all today.

As an active Greenpeace member you undertake six key campaigns, every one a critical issue of our time. These causes

include saving the whale, stopping acid rain, curbing the discharge of nuclear waste into the sea and preventing the eventual depletion of the ozone layer. Your final challenge involves freeing the spirit of the Rainbow Warrior by creating a pollution free world.

For the first time, serious environmental issues are presented in an all action way on the home computer screen. This is an involved and thought provoking game, putting you at the forefront of actual Greenpeace campaigns.

MASTERS OF STRATEGY

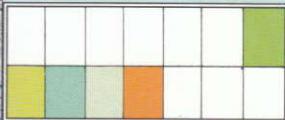

WEIRD DREAMS

Lying comatose in a hospital bed, you drift helplessly into a surreal, shifting landscape of the subconscious. Your dreams turn into nightmares as surprise and terror, the real and unreal, merge to create a bizarre and archaic world from which you desperately try to fight free.

In this weird and wonderful game, every day objects assume grotesque proportions.

You'll encounter a series of bewildering and distorted scenarios where carnivorous rose bushes snap their jaws hungrily, demonic toys spring to life and hideous creatures mutate before your very eyes.

A string of intricate, highly imaginative puzzles must be solved in order to return to the sane and familiar world. In this game only your wits and skills can bring your hideous nightmares to an end.

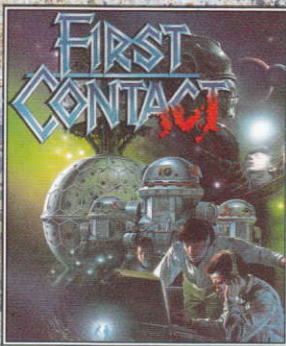

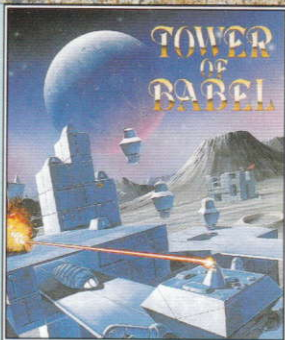

TOWER OF BABEL

The Masters of Strategy bring you a superb, mind-taxing puzzle game. Tower of Babel is set in a complex web of towers, platforms and lifts, all rendered in solid 3D with truly innovative light and shading techniques.

Control up to 3 robot spiders, programming them to solve intricate problems and puzzles and to interact with a host of enemy droids. Realtime control is available to you, allowing instantaneous reaction to the game's developments.

The puzzles get progressively harder as you move through the many towers, and you can even create your own fiendishly perplexing series of towers, using the in-built game designer.

Tower of Babel is a whole new concept in strategy gaming, providing months of fun and continuous intrigue. Not a game, not a puzzle - a superbly wicked combination of both.

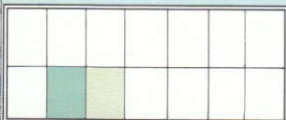

FIRST CONTACT

Imagine the time when mankind is no longer content to inhabit the earth, but begins to colonize the galaxy too. A time when the entire human race is under threat as thousands of alien vessels surround each base in space.

First Contact takes you far into the future, to control a major galactic computer station where the aliens have landed and are bent on destruction. It is your job to destroy them before they destroy mankind.

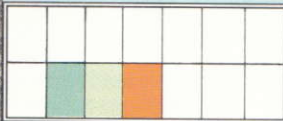

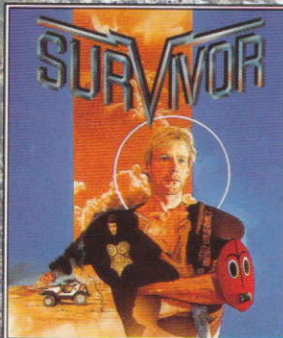

This game may be played as a strategy game or as a fast and furious shoot-em-up. Controlling a 3-part maintenance droid consisting of a floating head, torso and legs, your aim is to extinguish the threat facing mankind.

Hidden behind wall panels somewhere on the four huge levels of the station are the maps and equipment you will need. Who will reach them first - you or the aliens? In First Contact, human cunning and ingenuity are your only chance of survival.

MASTERS OF STRATEGY

The game features sophisticated icon-driven gameplay with solid 3D graphics for smooth, realtime action sequences in battle and hunting modes. Using cunning, strategy and skill you must strive to increase your importance through trade, politics and exploration. In Survivor the ultimate goal is to control a brave, new and united world.

SURVIVOR

Programmed by Maelstrom Games. Survivor is a challenging strategy game set in a post-holocaust world.

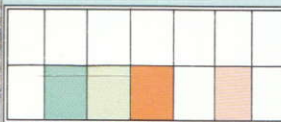

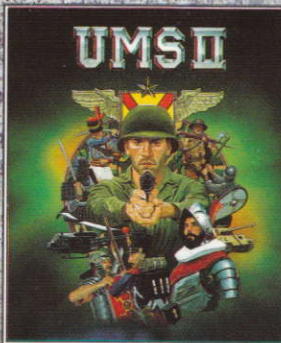

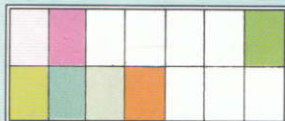

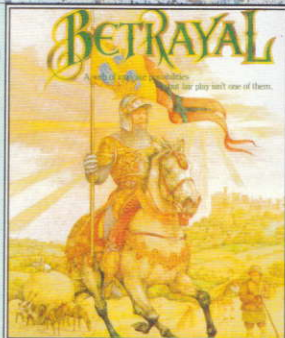

A deadly virus has turned the earth as we know it into a bleak, desert wasteland with only the occasional oasis of unaffected land. As one of the few survivors amidst the devastation, you face the daunting task of establishing a new community of people.

BETRAYAL

The pursuit of power in this historical game takes you along a long and difficult road. Starting with the acquisition of towns and the cultivation of your lands, you must devise a successful military strategy to achieve your goals.

As you will soon discover, your opponents will unhesitatingly betray you for, in this game, the end justifies the means. They will cheat, lie, pillage and kill in the bitter struggle for power, status and wealth. They will continually plot and spy against you as you seek to conquer.

Betrayal is an exciting and involved adventure game with up to 4 human or computer controlled players and fascinating economic, military and political dimensions

UMS II

UMS II is the definitive military campaign simulation. Successor to Rainbird's legendary UMS, this new game yet again breaks new ground in computer war gaming.

An exciting simulation, it incorporates battles across the whole spectrum of military combat, from lengthy campaigns spanning entire continents to individual theatre battles staged during the years of the Roman Empire, Napoleonic Wars or World War II. UMS II allows over 16,000 units per side and up to 127 players controlling 525 provinces simultaneously. In addition, a fully upgraded construction kit enables you to create your own armed forces and scenarios.

This is an immense and brilliant battle strategy game. Prepare to take control of the whole world.

MASTERS OF STRATEGY

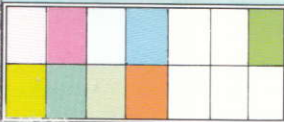

CARRIER COMMAND

Carrier Command is a dynamic and compelling strategic shoot-'em-up with non-stop, high speed action taking place on the high seas.

You are placed at the helm of a futuristic Aircraft Carrier equipped with fighter planes and amphibious assault tanks.

Racing against the enemy carrier, your mission is to control a group of 64 islands in the Archipelago. It's a battle of wits as you strive to occupy the islands, erecting command centres, building air strips and destroying the enemy command centres.

In this multi-faceted game you control your planes and tanks through computer lines across an immense playing area. Your overall objective is to either capture the enemy's home island or to destroy the enemy's heavily protected Aircraft carrier. How will you fare in this battle of strategic warfare?

STARGLIDER 2

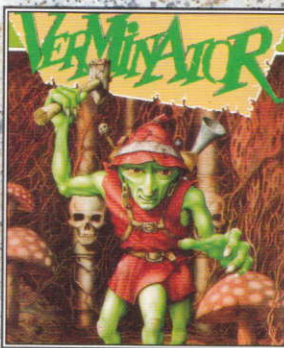

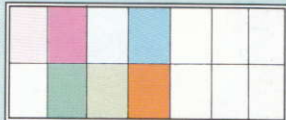

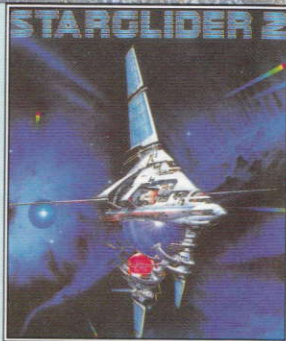

The Egrons strike back! Starglider 2 is the highly acclaimed, blockbuster sequel to Jez San's classic space travel game.

Having successfully fought off the invading Egrons, Jaysan and Katra once again volunteer to challenge the awesome might of the Egon space and land fleets in this exciting strategy game.

You must annihilate the hostile Egon army and destroy a giant beam projector aimed at our intrepid duo's home planet, Novenia.

Enjoy superbly fast, animated 3D solid graphics as you fly your tortuous, interplanetary journey. You'll encounter over 80 aliens including space whales and pac-worms as you race through subterranean tunnel networks collecting new weapons.

The ship's responsive controls allow full pitch, roll and loop-the-loop movements with impressive out-of-ship views of patchwork landscapes, light shading and the most glorious sunsets. Prepare for blast off into this amazingly thrilling game.

VERMINATOR

Money really does grow on trees. In this exciting game you are employed by the Tree Council to purge a strange and abhorrent plague of vermin from an ancient oak tree.

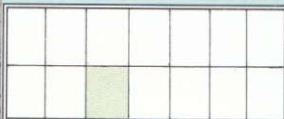

Your role as a three-legged, green mutant is to zap as many of these strange-looking creatures as possible. Each one has a price on its head, so you can make your fortune if you use your skill and cunning.

There are 250 bizarre screen locations to explore within the tree, all totally infested.

Invest your earnings on sophisticated, vermin-eradication equipment or, alternatively, have a flutter at the local Casino.

If times do get hard, you can always take a loan from the Mob. But beware, these gangsters can turn nasty if you fail to meet the extortionate repayments.

Verminator is a fast paced game rich with colour, superb sound effects and graphics.
