SOUVENIR PROGRAMME
1991/92 SEASON

INTRODUCTION

Welcome to the event of the year. Yes, Pitfighting, the World's favourite illegal sport, is back for another season. This time in more locations and more popular than ever before.

This season we bring you three brave new challengers. Ty, Buzz and Kato, to replace the three lost last year through multiple injuries. They'll be out there to battle against our usual line up of challengers and champions. These three men have made the switch from their legal sports of Kickboxing, Wrestling and Karate, tempted by the huge cash rewards of Pitfighting. We wish them luck in their first season in the sport. Break a leg you guys!

Big news for this season! Back, for his third successive season as champion, is the Ultimate Warrior. As usual, he'll be bringing along his henchman Chainman Eddie. Despite rumours of his impending retirement from Pitfighting late last season, the bad man is back to crush all opposition and good luck to him.

Proof that Pitfighting is getting bigger and bigger was given last month when Yahoma motorcycles entered into a sponsorship deal with the World Pitfighting Federation, allowing Yahoma 750cc motorcycles to become part of the weaponry allowed in the 'Pit'. The Pitfighters won't be allowed to ride the bikes. No! The bikes can only be used by the fighters as throwing weapons! So watch out for bikes being hurled by the fighters, along with the kgs, crates, barrels, stools, knives and shurikens.

Well that's all the news for the start of this season, which looks like it'll be the best on record. All that remains for me is to wish this season's fighters the very best of luck and to bid a speedy recovery to all victims of last year's Pitfights who are still in hospital. So to 'Jumping' Pete Jeffries, 'Death-dealing' Dean Lester and 'Grating Groats' John Broggy ... get well soon.

Have a great season Pit fans, you know the fighters will.

MEET *the* FIGHTERS

THE EXECUTIONER - Ranked 8th

Not what you would call mild mannered. Weighing in at 252 pounds and standing 6'4" in his leather socks, he is not a man to be messed with. However, his size means he's not the quickest fighter in the World.

SOUTHSIDE JIM - Ranked 7th

Modestly calls himself the perfect balance between size, strength and agility, although the Ultimate Warrior proved him wrong last season. 6'2" of pure muscle and 228 pounds he fights to pay his mom's medical bills.

ANGEL - Ranked 6th

The doll of the Pitfighters and one very brave, strong and athletic woman. 154 pounds and only 5'4", but her devastating speed around the Pit is more than a match for any man. Let her grip you between her thighs and you may never get up again.

MAD MILES - Ranked 5th

Vietnam Veteran, and, to put it mildly, raving mad. Miles is frequently known to spit at his opponents, but army training certainly taught him how to fight. 5'8" and 172 pounds, Miles is quick, vicious and knows no fear.

CC RIDER - Ranked 4th

CC rode in on a bike out of nowhere last year. Nothing is known about him, but in his opening season he more than held his own. 218 pounds and 6'2" he's a traditional biker and in his spare likes to get involved in bar brawls.

HEAVY METAL - Ranked 3rd

Proved to be the upset of last year. Broke four bones in "Death-dealing" Dean Lester's body when Lester laughed at his hair and clothing. At 210 pounds and 6'0" it was probably not a wise thing to do.

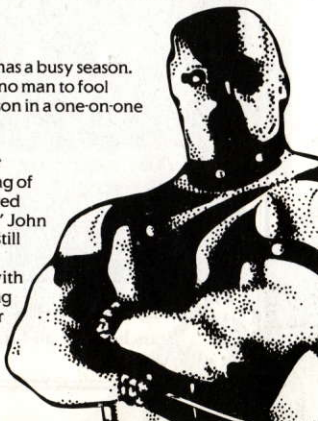

CHAINMAN EDDIE - Ranked 2nd

The Ultimate Warrior's henchman always has a busy season. Unbeaten by anyone but his boss, Eddie is no man to fool around. Should be fully recovered this season in a one-on-one Pitfight. 267 pounds, stands at 6'7".

THE ULTIMATE WARRIOR - Ranked 1st

Not known for his sense of humour, the King of Pitfighting has never been beaten. He injured 'Jumping' Pete Jeffries and 'Grating Groats' John Broggy so badly (in one bout) that they're still in hospital today, seven months later.

One Pitfighter was so scared when faced with him that he hurled himself off the Pitfighting location. Unfortunately, it was the top floor of a multi-storey car park. 6'8" and 280 pounds, the Ultimate Warrior remains the perfect fighting machine.
